DELIVERY ROUTES

You asked. We listened. Provide us with your email to receive a 2023 Delivery Route Schedule! We will be emailing them out once a week, along with invoices.

We are requiring delivery confirmation unless you signed up as “Always Ok To Go”. Enroll in text confirmations by texting 585-624-4000

ACCOUNT INFORMATION

Account numbers are getting fixed and you will soon see them on your next invoice.

When sending in payment please try to specify the invoice or invoices you would like it applied to. Otherwise it will either be applied to the oldest open invoice, or just as a payment on the account.

SERVICE

We made one slight change to our service 6 years ago and nothing since.

Effective this year we have made a couple of changes with our service calls and replacing our service call fee with a service trip charge. The office will be able to over go over anything and clarify for you when booking a service call.
